PROFESSIONAL SUMMARY

Motivated and creative M.Sc. Computer Science student at VET Institute of Arts and Science Co-ed College, Erode, with a strong academic record and a postgraduate score of 90.04%. Proficient in UI/UX design using Figma and Framer, with hands-on experience in web technologies, cloud computing (AWS), and IoT systems. Completed a UI/UX internship at AGT Electronics Limited. Demonstrated ability to design and build real-world solutions through academic and personal projects spanning full-stack development and interface design. Actively engaged in leadership, sports, and community initiatives. Seeking to contribute design expertise and technical skills to a forward-thinking organisation.

ACADEMIC QUALIFICATIONS

M.Sc. Computer Science 2024 – 2026

VET Institute of Arts and Science Co-ed College, Erode

Percentage: 90.04%

B.Sc. Computer Science 2021 – 2024

Kongu Arts and Science College (Autonomous), Erode

CGPA: 7.11

Higher Secondary Certificate (HSC) 2021

Velavan Matriculation Higher Secondary School

Percentage: 76%

Secondary School Leaving Certificate (SSLC) 2019

Velavan Matriculation Higher Secondary School

Percentage: 83%

TECHNICAL SKILLS

Languages: Python, C++

Web Tech: HTML5, CSS3, PHP

Database: MySQL

Cloud: AWS – Cloud Foundations

Design: Figma (UI/UX, Prototyping), Framer

IoT & Hardware: Arduino, IoT Systems

ACADEMIC PROJECTS

IoT-Based Personal Weather Station

UG Project

Technologies: Arduino, IoT Sensors, Wireless Communication

- Developed an IoT system for real-time environmental monitoring to support agriculture and industrial safety using wireless sensor data.

Emergency Hub – Centralized Emergency Services Platform

PG Mini Project

Technologies: HTML, CSS, PHP (Front-end) | MySQL (Back-end)

- Built a centralized online platform offering quick access to emergency service contact details in Erode with a user-friendly interface and live database integration.

Passport Registration Website

Mini Project

Technologies: HTML5, CSS3

- Developed a basic web application for passport registration using front-end technologies with a clean and accessible UI.

An Intelligent Ensemble Prediction System for Student Academic Performance Forecasting Using Voting Regressor.

Technologies: Streamlit, Scikit-learn, joblib.

PG Project

- Academic Performance Prediction is a critical challenge in modern education, enabling timely intervention for at-risk students and supporting data-driven academic counseling.

CERTIFICATIONS

- Cloud Foundation – Great Learning
- AWS for Beginners – Certified
- Cloud and IoT – Certified Course
- Mobile App Design in Figma – Udemy
- Youth Leadership Summit – Participation Certificate (2022)

TRAINING ATTENDED

- 5-Day Orientation Program on MERN Stack Development
- 20-Day AWS Academy Graduate – AWS Academy Cloud Foundations

ACHIEVEMENTS & AWARDS

- Holder of Blue Belt in Karate
- Assisted in a World Record for the Largest Yoga Gathering at Different Venues
- Completed an undergraduate degree from Bharathiar University

PUBLICATIONS

Publication Title: An Intelligent Ensemble Prediction System for Student Academic Performance Forecasting: A Voting Regressor Approach for Real-Time Grade Prediction and Academic Outcome Classification.

Author: Sanjay G.

Event Name: NCAISE-2026, National Conference on AI Sustainable Entrepreneurship.

Date: 27-03-2026.

Location: AJK College of Arts and Science, Navakkarai, Coimbatore-641105.

ISBN Number: 978-81-997810-1-6.

EXPERIENCE

UI/UX Design Intern – AGT Electronics Limited

Duration: 1 Month | Role: UI/UX Design

AREA OF INTEREST

- Web Design
- Web Development
- UI/UX Design

STRENGTHS

- Creative thinker with strong visual design sense and attention to detail
- Quick learner with adaptability to new tools, methodologies, and design trends
- Good team player with leadership qualities demonstrated through sports and community activities
